Dear Sir,

We have two acres and thirteen guntas of land at the out-skirts of Kanakanapalya where the Jayanagar Extension is proposed to be constructed. On that land we have our Ancestors' (my grand-father's and grand-mother's) Tombs, which have been considered sacred and where twice a year we perform ceremonies. On those very tombs the Trust Board authorities have proposed to construct a road.

SUB - Application dated 30-9-48 addressed to the Minister for Finance and Industries by Sri Dayananda Sagar, Managing Editor of Kranthi, Bangalore, re acquisition of lands in ------S No 33 of Siddapur vi

With reference to your letter No L 5288/E dated 15-11-48 forwarding for report the above petition, I have the honour to state that it is reported by the Engineer Officer of the Board after inspection in detail in company with Sri Dayanandasagar and the Assistant Engineer of the Trust Board, that sometime back during the course of inspection he found that a small mantap was hurriedly built up and that at that time, he did not know if there was a tomb there and that during his recent inspection with the petitioner, he found on enquiry from the local villagers that the tomb was in existence from a long time and that it was that of the ancestor of Sri Dayanandasagar It is further reported that the 40' 4th Cross Road of the 2nd Block of Jayanagar Extension joins the 9th Main Road which 80' wide and widens to 60' and joins the 100' - 10th Main Road and that by having 60' road the tomb comes in the road margin It is therefore proposed to continue the 4th Cross Road keeping the same width of 40' instead of 60' in which case the tomb is not interfered with

2 As for the prayer of the applicant that he may be allotted a suitable site in the area for putting up his Press in view of his lands getting acquired, this question can be taken up for consideration later, after the formation of the Extension

The petition and the sketch received with your letter under reply are herewith retransmitted
